ANNOUNCEMENTS.

For Congress.

The Chronicle is authorized to announce HON. T. G. BILBO of Poplarville as a candidate for Congress from the Sixth District, subject to the action of the Democratic party.

INDUSTRIAL VILLAGES. The Federal Government has bebesieged from time to time with sus gestions for the future care of t fighting forces "over there." Some time ago inspector Martin Turnbul invited the attention of the Agricul tural Department to the vast cut-over lands of the South for utilization a industrial villiages. His plan is co operative in principle and provides for the temporary upkeep of the settlers under systemate direction and guid ance of trained government agents. I is the start in life that puts energy and intelligence to work. A fundless man or woman is in the same class with the peon. Small government loans for housing and subsistance will solve the "make and own a home" problem.

Congressman B. P. Harrison approving the plan of Mr. Turnbull writes the following letter:

"Washington, D. "My Dear Martin:

"I am just in receipt of your letter and I note with pleasure the suggestions you make about the establishment of industrial villages through Company, a partnership composed of many economical questions will de Dunten, and i. A. Gingery, and M. P. tion of it. I am always glad to hear deliver unto W. J. Gex. trustee, a deed wit:

Sincerely yours.

PAT HARRISON." Mississippi needs industrial villages, able to Mrs. R. R. Perkins, as eviespecially the cut-over lands of our denced by two certain promissory beautiful gulf coast where happiness notes, signed by the aforesaid Coast awaits the homesecker.

The mail was carried from Washing- by the said M. P. Bouslog, trustee and to to New York in 2 hours and 5 min attorney-in-fact respectively therefor

Section 30: Wi of NEi. Ni of SEi. AMERICAN FOOD Section 32: NE1 and Wi of SE4 SAVINGS LARGE

of SW1 and SE1 of SE1 and all that United States Sent to Allies 141,000,000 Bushels of Wheat.

CREDIT DUE TO WOMEN.

Meat and Fats in 1917-18 Than in Year Before.

* AMERICAN FOOD SHIPMENTS * TO ALLIES

★ 1916-17......2.106,500,000 lbs.

* 1917-18,......3,011,100,000 lbs. Increase, 844,600,000 lbs.

★ 1917-18......340,800,000 bu.

In spite of a subnormal food supply Section 7: No of NW4 and SE4 of in this country the American people have been able to ship to the Allies Section 8: SEI of NEI, and El of as well as our own forces overseas NWI, and all that part of the NWI 141,000,000 bushels of wheat, besides of SE1 which lies east of the Sara 844,600,000 pounds of meat, during the year ending June 30 last. This has been made possible by the wholesouled co-operation of the people, who, besides practicing self-denial, have speeded up production and responded nobly to the appeal from

Food Administrator Hoover, in a letter to President Wilson, gives a brief summary of the results of food conservation in the United States and of the activities of the Food Administration to this end. The conservation measures have been put through practically on a voluntary basis which is regarded as a splendid tribute to

Meat shipments were increased 844.
000,000 pounds during the first fiscal
year, as compared with any year, as compared with our meat exports during the year before America entered the war. "The total value of these food ship-

ments," Mr. Hoover wrote President Wilson, "which were in the main purchased through or with collaboration of the Food Administration, amount go to, roundly, \$1,400,000,000 during the .t.

In 1916-17 the United States sent the Allies 2.166,500,000 pounds of servation practiced in America, and alded by extra weight of animals, w sent the Allies 2,011,100,000 pounds meat, an increase of \$41,600,000

Wheat Saving Enermous. When the Food Administration be n operations in the summer of 1917, this country was facing a large deficit & in wheat. Counting in all carry-over wheat from the 1916 crop, w the beginning of the 1917 harvest year just enough wheat to take care of America's normal consumption,-not a

bushel of surplus. At the close of the 1917-18 harvest year the Food Administration's official reports showed that our total wheat shipments to the other side had been shipped was wheat saved by the of SEt of NEt of Section 27; Et of American people from their normal consumption

In cereals and cereal products reduced to terms of cereal bushels our shipments to Allied destinations were 340,800,000 bushels, 80,000,000 bushels more than the amount sent in 1916-17.

Included in these figures are 13,000,-000 bushels of rye and the 141,000,000 bushels of saved wheat. In addition we sent the neutrals dependent on us 10,000,000 bushels of prime breadstuffs. I "These figures do not fully convey the volume of the effort and sacrifice is made during the past year by the whole American people," the Food Administrator wrote. "I am sure that all the millions of our people, agricultural as well as urban, who have contributed to these results should feel a very definite satisfaction that in a year of universal food shortages in the Northern Hemisphere, all of those people Joined together against Germany came through to the new barvest, not only with health and strength fully maintained, but with only temporary periods of hardship.

"It is difficult to distinguish between various sections of our peoplethe homes, public enting places, food trade, urban or agricultural populations-in assessing credit for these results, but no one will deny the domlnant part of the American women.

SUGAR SHORTAGE HITS SPAIN AND PORTUGAL

In Spain and Portugal sugar prices are scaring. Both countries have been seriously affected by the short beet sugar crop in Europe and the lack of sugar isolated in far away ports. Granulated sugar, home grown, was being sold in Parcelona, Spain, during

the early summer at 19 cents a pound. The price of brown sugar in Lisbon, Portugal, fixed by governmental order, was \$1.04 to \$1.12 a pound, By comparison the price of bect sugar in Sweden is 14 cents a pound.
